

This chart is the equivalent of the Britain's 'Yellow Card scheme', recording the Adverse Reactions (ADRs) to medicines and vaccines. The chart clearly shows the present danger the (So-called) vaccines are having on the men, women, children and babies of Britain. We must demand an investigation into this crime, and immediate stop to the unnecessary vaccine program, stopping any more harm or deaths. Now that you have been made aware of the dangers, you are personally answerable to those harmed and your constituents. 50 deaths stopped the swine flu vaccine.

We all have a **duty of care** not to harm anyone and once we know the dangers of these vaccines, we face prison if we knowingly allow it. Lockdowns and vaccine passports are crimes against humanity.
