In corresponding with me please be so good as to send items via Royal Mail rather than just e mail. As I have CFS/ME it is difficult for me to manage.

In the interim, please use the following historic link provided to me by St Bartholomew's Hospital CFS/ME Clinic in order that you are fully appraised of CFS – governmental policy on CFS. I can send this 8-page document to you independently if necessary by e mail attachment.

Please support me by sending correspondence by post and e mail and give me a reasonable period of time to receive, digest and respond to any correspondence that you sent me (I propose at least 4-6 weeks). This is a specific request for "reasonable adjustments" in respect of Equality legislation.<sup>1</sup>

Dear Sir and Madam

Re: Concern for Police brutality towards peaceful protestors during pandemic – FORMAL COMPLAINT

I refer to the above and to my e mail sent to you both of even date which I also copied to a raft of other organisations specifically a raft of legal challenges to the government and the IOPC with regard to a public social media request from Piers Corbyn to be sent to Sadiq Khan in his capacity as MAYOR OF LONDON. There is significant concern that BLM and XT = Extinction Rebellion) are allowed free passage to create mayhem in London streets - televised by media - and the Police (controlled by who?) not engaging with chaos and violence of these protestors (which I do not condone) indeed IGNORING violence by these extremists. Conversely, peaceful protestors were met with BRUTAL VIOLENCE by the Police on Saturday's medical whistle blowers Trafalgar Square event held on 19th September 2020. Please be advised that this is now referenced as "*London's Tianaman Square*" (stet) by the international press who report on such brutality Please respond.

Enough people at the event are coming forward as witnesses and this will be evidenced by formal complaints of brutality towards PEACEFUL PROTESTORS including families, women and children and certainly expecting mothers. Please respond.

Please advise as to why the EU Army and "foreign mercenaries" were present at this event. Why are there "foreign mercenaries" on UK soil? Britain has EXITED the EU! Please respond. Why were the riot police in attendance? I believe they were not present during XT and BLM protests. Please respond.

Furthermore, allegations of DISCRIMINATION are being evidenced that BLM and XT events are unchallenged by the government/the Police and conversely Piers Corbyn, Kate Shamirani, Geza Tarjani and others are being stalked, harassed, ARRESTED and thwarted from attending peaceful protests and facilitating NHS and other medically qualified whistle-blowers from evidencing pandemic fraud, illegal lockdown et al. Please respond.

Why are the Police and the Mayor of London THWARTING whistle blowing exposing pandemic fraud? I put all parties on notice that they themselves will be included as defendants in class actions against the Government for pandemic fraud, corruption, obfuscation of justice and facilitating genocide as alleged by many including but not limited to Michael O Bernicia,

many legal challenges to the Government and a raft of NHS whistle blowers. Enough whistle blowers have come forward already citing MURDER at the behest of our corrupt Government in their COLOSSAL FAILINGS during the pandemic.

Expect legal challenges to this blatant discrimination and obfuscation and the thwarting of our inherent rights under common law = peaceful assembly.

Many people have shared on social media and have personally observed brutal and aggressive arrests of a number of other peaceful protesters during these "unprecedented times" and I am seriously challenged by such aggression which is compromising my respect of the Police force and government sanctioned brutality. We have freedom of speech in the UK and many other freedoms however this is not respected by Police harassment which is of immense concern to me that significant NHS and other whistle blowers, medical professionals whistle blowing on pandemic fraud. Why are the Police targeting truth seekers and whistle blowers? Are the Police PROTECTING private corporations at the expense of the general public and certainly potential genocide (legal challenges to the government assert this!). Please respond.

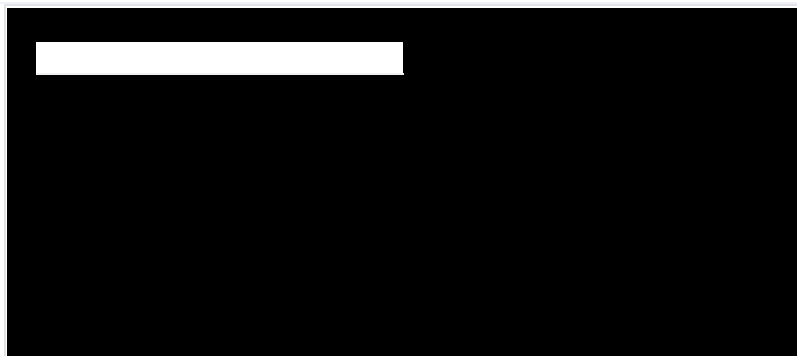

Why are the police FACILITATING such tyranny abuse and potential genocide - certainly HARM HAS ALREADY BEEN EVIDENCED TO PEACEFUL PROTESTORS BY THE POLICE? THIS IS NOT ACCEPTABLE IN AS DEMOCRACY. Please respond.

In light of these "unprecedented times" and police and state brutality of peaceful protests around the world specifically in Australia and New Zealand at the moment I am significantly concerned at the blind obedience of police following orders of their superiors and even surveillance of big tech facilitated by the likes of Facebook et al arresting a pregnant lady in her home in Australia for a Facebook post announcing a peaceful protest. Such tyranny of our elite and brutality of your cohorts is repugnant and our reputation in the UK has been significantly compromised by such thuggery. Please respond.

Please be advised that there are a raft of legal challenges to the government for pandemic fraud, illegal lockdown et al and these are referenced in the cc copy of this e mail. Please follow

all other crowd justice and crowdfunded legal challenges

Please be advised that I am announcing myself as a LEGAL OBSERVER and LAWFUL OBSERVER to any more peaceful protests and I put all parties on notice that, as a disabled woman of a certain age I DO NOT CONSENT to the Police putting their hands on me due to a number of chronic disabilities that i have which I do not want compromised or aggravated by brutal manhandling that I have evidenced to date of peoples arms being twisted tortuously behind their backs and thrown to the ground and even sat on by a number of hefty individuals and people screaming and shouting in pain THIS IS NOT ACCEPTABLE. The general public cannot be charged for asserting their RIGHTS under a DEMOCRACY

I am putting YOU both on notice that should i be targeted as a LEGAL OBSERVER/LAWFUL OBSERVER that this letter will be presented to Court that I have put you on notice that I DO NOT CONSENT to having anybody's hands placed on me and suffer injury as a result. I put you on notice that I will seek legal redress and compensation for injuries and damage to my person. Furthermore, I will assert that right of every other individual present on their behalf.

Please be advised that I am an advocate in the community known to many Councils for working as an advocate for refugees and asylum seekers and I have also volunteered with Victim Support and I am conversant with the challenges of the police force particularly managing and reporting crime, compromised and exacerbated by significant funding cuts over the years. I built up a great relationship with the Police in stations across Westminster and Hackney in particular. I intend to reach out to all Police with whom I have engaged to date raising these allegations of corruption and police brutality commencing directly with the IOPC who are referenced in this e mail. Please respond.

The Police were BRUTAL on Saturday and many witnesses are citing that a peaceful protester was MURDERED by aggressive police. A formal complaint will be made in due course to a Detective inspector and escalated to the Independent Office for Police conduct. The IOPC are aware of me already and that there have been failings by the Police in handling criminals' charges made to them by myself and a formal apology received by the Police for FAILING to undertake a criminal investigation for assault and sexual assault.

#### Independent Office for Police Conduct

Please be advised that I am sending out this email to a raft of individuals and organisations protecting the rights of the general public and intend to visit a number of Police stations in person to report these crimes.

One last thing I want to communicate directly to Cressida Dick is how OUTRAGED I am on behalf of myself and all other individuals in the UK about inflammatory comments made by Cressida Dick inciting discrimination towards the general public in a recent interview regarding shaming of people not wearing masks. With respect, I suggest such discriminatory remarks volunteered by an individual assigned the RESPONSIBILITY OF LAW AND ORDER are not becoming and that you Ms Dick should RESIGN FROM OFFICE FOR BESMIRCHING THE GOOD NAME OF THE OFFICE YOU HOLD. You have shown yourself UNFIT for this public office. The IOPC is put on notice that this is a FORMAL COMPLAINT

In the interim, as one can expect our corrupt media is not reporting the truth about what is happening at these peaceful protests. They have also been put on notice to expect legal challenges for corruption and fraud, as has every single 660+ MP also been put on notice for corruption, pandemic fraud and in some cases MURDER for their failings during this pandemic.

Finally, given that our government have evidenced appalling corruption and even tried to circumvent International Law with regard to BREXIT what are you, Ms Dick going to do about criminals in high office blatantly disregarding the law? The general public have a right to know.

Yours respectfully

Piers Cobyin plea.
